

# PURPOSE

The purpose of our children's ministry at The New Church is to offer an experience for students to encounter God at an age-appropriate level. Children's church is the first program that is launched within the children's ministry; however, the goal is to morph into an all-encompassing relevant children's ministry that mimics the "Adult Church!"

## NAME

The children's ministry's name, Little Leaders was created by the ministry's director (Donnetta) in consultation with Pastor Anthony. It bespeaks of the standard of empowerment; that is that students indeed possess the power to lead and can learn those principles in this stage of their life. They are not the church/leaders of tomorrow, but TODAY!

# MISSION STATEMENT
